Division of Water Pollution Control ANNUAL FACILITY INSPECTION REPORT

for NPDES Permit for Storm Water Discharges from Separate Storm Sewer Systems (MS4)

This fillable form may be completed online, a copy saved locally, printed and signed before it is submitted to the Compliance Assurance Section at the above address. Complete each section of this report.

Report Period: From March, 2016 To March, 2017

Permit No. ILR40 0190

MS4 OPERATOR INFORMATION: (As it appears on the current permit)

Name: CITY OF FAIRVIEW HEIGHTS Mailing Address 1: 10025 BUNKUM ROAD
Mailing Address 2: County: St. Clair
City: FAIRVIEW HEIGHTS State: IL Zip: 62208 Telephone: 618-489-2021
Contact Person: CHRIS VOLKMAN Email Address:
(Person responsible for Annual Report)

Name(s) of governmental entity(ies) in which MS4 is located: (As it appears on the current permit)

ILLINOIS DEPARTMENT OF TRANSPORTATION ST. CLAIR COUNTY
CANTEEN TOWNSHIP & CASEYVILLE TOWNSHIP ST. CLAIR TOWNSHIP

THE FOLLOWING ITEMS MUST BE ADDRESSED.

A. Changes to best management practices (check appropriate BMP change(s) and attach information regarding change(s) to BMP and measurable goals.)

- | | | | |
|--|-------------------------------------|---|--------------------------|
| 1. Public Education and Outreach | ☐ | 4. Construction Site Runoff Control | ☐ |
| 2. Public Participation/Involvement | ☒ | 5. Post-Construction Runoff Control | ☐ |
| 3. Illicit Discharge Detection & Elimination | ☐ | 6. Pollution Prevention/Good Housekeeping | ☐ |

B. Attach the status of compliance with permit conditions, an assessment of the appropriateness of your identified best management practices and progress towards achieving the statutory goal of reducing the discharge of pollutants to the MEP, and your identified measurable goals for each of the minimum control measures.

C. Attach results of information collected and analyzed, including monitoring data, if any during the reporting period.

D. Attach a summary of the storm water activities you plan to undertake during the next reporting cycle (including an implementation schedule.)

E. Attach notice that you are relying on another government entity to satisfy some of your permit obligations (if applicable).

F. Attach a list of construction projects that your entity has paid for during the reporting period.

Any person who knowingly makes a false, fictitious, or fraudulent material statement, orally or in writing, to the Illinois EPA commits a Class 4 felony. A second or subsequent offense after conviction is a Class 3 felony. (415 ILCS 5/44(h))

Area of Responsibility:

Introduction

In 2003, St. Clair County (County), Illinois and its communities created a Co-Permittee Group to join forces in complying with the National Pollutant Discharge Elimination System (NPDES) for Municipal Separate Storm Sewer Systems (MS4) Phase II requirements. As stated in the original 2003 Notice of Intent (NOI), the County and the Co-Permittee communities were to pool resources and work together to comply with the commitments made within the NOI for the benefit of all within the County.

The Co-Permittee Group was active during this reporting period. Significant progress was made sharing Best Management Practices (BMPs) for document retention, operation procedures, and maintenance activities.

Best Management Practice (BMP) Summary of 2016-2017 Activities

In 2003, each member of the Co-Permittee Group submitted a NOI in compliance with the first 5-year cycle. In 2008, a NOI was submitted in compliance with the next 5-year cycle, as written in the first MS4 permit. The 2009 NOI was submitted in compliance with additional requirements in the second MS4 permit. In 2013, a new NOI was submitted for the next 5-year cycle and was in place starting in March, 2014. As stated in the 2003, 2008, 2009, and 2013 NOIs, each Co-Permittee Member identified certain activities to comply with the Phase II requirements. Below is an abbreviated summary of the BMPs that were written in the NOI for each of the minimum control measures.

March 2016-February 2017:

- 1) **A.1-** Stormwater brochures for businesses, homeowners, children, and green infrastructures were to be promoted and displayed by each community in a public place.
- 2) **A.4-** St. Clair County sponsored a booth at the County Fair and/or Earth Day and distributed the stormwater and green infrastructure brochures.
- 3) **A.5-** St. Clair County posted newsletters on the County Health Department website during school months. Co-Permittee Members distributed educational materials to schools in their communities. The amount of material distributed was to be tracked by the communities.
- 4) **B.3-** The Co-Permittee Group met three (3) times to review upcoming permit requirements, notice of intent, review stormwater management program, operations training, and to develop and submit the Annual Report.
- 5) **B.5-** Co-Permittee Members solicited and encouraged public assistance in monitoring the community's storm water system. Public inquiries and complaints were responded to and recorded.
- 6) **B.6-** St. Clair County continued to promote programs related to stormwater activities and recycling programs. The community tracked its participation.

- 7) **C.1-** Co-Permittee Members updated any new or revised storm sewers and performed stream observations at bridge inspections.
- 8) **C.5-** A survey of previously installed stencils was to be performed as well as replacing or placing any that needed inlet stencils.
- 9) **C.6-** Communication brochures were distributed to the community. Co-Permittee Members discussed any known illicit discharge ordinance compliance issues in the communities.
- 10) **C.9-** Co-Permittee Members developed brochures addressing specific storm water ordinance prohibited activities and distributed with educational brochures.
- 11) **D.1, E.2, E.4-** Community stormwater ordinances were to be updated, if needed, and require a SWPPP on site plans disturbing more than one acre.
- 12) **D.2, F.1-** The Co-Permittee held an Operations Training class. Topics included a review of the Best Management Practices, Good Housekeeping, and a review of some of the public awareness BMPs other communities use.
- 13) **D.5-** St. Clair County continued to maintain a stormwater hotline number to address public concerns related to stormwater issues. County tracked and reported the number of calls.
- 14) **F.6-** Communities reviewed operating procedures and BMPs and modified if necessary.

The following pages highlight changes made to the BMPs from the NOI, BMP status, and activities planned for the next reporting year. Additional information is also provided from the County and each Community.

It is to be noted that some BMPs will continue on to the next NOI, but some will be stopped and others added to fulfill the requirements of the permit. The 2014-2019 NOI can be found on the IEPA website.

City of Fairview Heights FOIA Officer for the reporting year:

IEPA Annual Report for Stormwater Discharges from MS4 Communities- Period: March 2016 through February 2017

A. Changes to Best Management- Were there any changes to the BMPs?		B. The status of compliance with the permit, the appropriateness of the BMP and progress towards achieving reduction of discharged pollutants to the MEP, and identified measurable goals for each of the minimum control measures.		C. Provide results of information collected and analyzed, including monitoring data. Information attached?		D. Summarize the stormwater activities you plan to undertake with an implementation schedule	
Comment	Yes	No	Yes	No	Activity	Schedule	
BMP No. A.1 - Distributed Paper Materials- Informational Brochures							
Milestone For Reporting Year: Promote the availability of brochures to the residents.							
	X				St. Clair County will update brochures for co-permittee communities in the spring of 2017 to include climate change and green infrastructure.	On-going through 2017-2018 permit year.	
BMP No. A.4- Community Event- Sponsor Annual Booth at St. Clair County Fair or Earth Day Festival							
Milestone For Reporting Year: St. Clair County sponsored a booth at the county fair.							
	X				St. Clair County is responsible for the booth and tracking the number of brochures handed out.	The 2018 Earth Day event will be in April.	
BMP No. A.5- Classroom Education Material							
Milestone For Reporting Year: Communities distributed educational materials and tracked the number of brochures and other materials handed out to the schools.							
	X				Review of Classroom Education Materials- See page 11	The communities will inform local schools that the newsletters are available on the Health Department's Website.	
						On-going through 2017-2018 permit year.

Comment	☐	☐	☐	If attached information, describe.	☐	Activity	Schedule
BMP No. B-3- Stakeholder's Meeting- Coordinate Meetings and Annual Reports							
Milestone For Reporting Year: Co-Permittee Group met three (3) times to complete training and to develop and submit the Annual Report.							
	X			Co-Permittee Meetings were held on April 7th, July 28th, and November 17th, 2016. Annual reports were provided to communities in May 2017 and submitted to IEPA before June 1st, 2017. Meeting topics included: Annual Reporting, the new Permit Requirements, Stormwater Sampling Program, Safety, and Operations Training. City representatives attended all three meetings.	X	The Village will continue to meet with the Co-Permittee Group to share BMPs and training opportunities. The Co-Permittee Group has planned three compliance/training activities for 2017.	On-going through 2017-2018 permit year.
BMP No. B-5- Volunteer Monitoring- Solicit and Encourage Public Assistance in Monitoring the Community's Stormwater System & Stormwater Hotline							
Milestone For Reporting Year: Community will work to involve more public assistance in reporting stormwater issues.							
	X			The County updated brochures and its website with the County contact information for the reporting of stormwater issues. Any calls or emails will be recorded and addressed.	X	The community will continue to respond to and record all public complaints of illicit discharge and/or dumping and storm water issues.	On-going through 2017-2018 permit year.
BMP No. B.6- Program Coordination- Participate in programs targeted at public awareness, including: Inlet Stenciling and Recycling							
Milestone for Reporting Year: St. Clair County continued to promote programs related to stormwater activities. Communities tracked participation.							
	X			County will continue to promote programs related to stormwater activities and recycling. Multiple media outlets will be used to communicate with municipalities.	X	County will continue to promote programs related to stormwater activities. Multiple media outlets will be used to communicate with municipalities.	On-going through 2017-2018 permit year.

Comment	☐	☐	☐	☐	☐	Activity	Schedule
BMP No. B.7- Other Public Involvement - the community will provide a public meeting annually for public input into for the MS4 program							
Milestone for Reporting Year: The communities will provide a public meeting annually for public input for the MS4 program.							
Added public input meeting for MS4 program.	X	This requirement began during 2016 - 2017 reporting year per the NPDES permit issued March 2016. The County held a public input meeting regarding the adequacy of the MS4 Program in January 2017.	Review of Other Public Involvement - See page 11	X	Community will continue to hold a public meeting to solicit public input regarding the adequacy of the MS4 program.	On-going through 2017-2018 permit year.	
BMP No. C.1- Storm Sewer Map Preparation							
Milestone for Reporting Year: Co-Permittee member communities reviewed outfall maps and conducted stream observations annually at bridge inspections.							
	X	Co-Permittee communities reviewed their outfall maps for completeness and updated them if necessary. Fairview Heights currently has 100% of outfall locations and names of receiving waters mapped. The storm sewer system map was updated January 2017.		X	Communities will begin to update their storm system maps to include modifications to the system.	On-going through 2017-2018 permit year.	
BMPs No. C.2, C.9- Regulatory Control Program- Ordinance language for illicit discharge/public notification							
Milestone for Reporting Year: Communication brochures were distributed to the community.							
	X	St. Clair County distributed brochures at the Earth Day event and has them available at the City Hall. The City did not need to update Construction and Post-Construction Ordinances over the reporting year.		X	This BMP will not continue into the next NOI.		
BMP No. C.5- Inlet Stenciling							
Milestone for Reporting Year: Survey condition of inlet stencils.							
	X	Fairview Heights assessed the condition of the stencils. Currently 100% of the inlets are marked.	Review of Illicit Source Removal Procedures - See page 11	X	Communities will survey samples of stencils previously installed, replace ones that need to be replaced, and assure all new inlets are installed with stencils.	On-going through 2017-2018 permit year.

BMP No. C.6- Program Evaluation and Assessment							
Milestone for Reporting Year: Perform illicit discharge detection and elimination in the Community's stormwater system.							
	X	Communities will perform stream observations during their annual bridge inspections and take appropriate action if any illicit discharge is found.			X	Communities will continue to perform stream observations and address illicit discharge per the community ordinance.	On-going through 2017-2018 permit year.
BMP No. C.9- Public Notification							
Milestone for Reporting Year: Community will update ordinance brochure.							
	X	Brochures will be updated to address specific stormwater ordinance prohibited activities and distributed with brochures addressed in BMP A1.			X	Ordinance brochures will be updated and distributed to the community throughout years 2015-2019	Brochure to be updated in 2017-2018 reporting year.
BMPs No. D.1, E.2, and E.4- Site Plan and Pre-Construction Review Procedures							
Milestone for Reporting Year: Update stormwater ordinance.							
	X	Stormwater ordinance updates were not required this reporting year.			X	This BMP will not continue into the next NOI.	
BMP No. D.1- Regulatory Control Program							
Milestone for Reporting Year: Require SWPPP on all site plans disturbing more than one acre of land inside the Community.							
	X	The community will require SWPPP on sites disturbing over 1 acre and enforce ordinance provisions.			X	The community will continue to require SWPPP on sites disturbing over 1 acre and verify the proper use of sediment and erosion control techniques.	On-going through 2017-2018 permit year.

Comment	YES	NO		YES	NO	Activity	Schedule
BMP No. E.4- Pre-Construction Review of BMP Designs							
Milestone for Reporting Year: Review post construction BMPs.							
	X		The community will require and review SWPPPs on site plans disturbing more than one (1) acre of land.		X	Communities will review the post construction BMPs on all sites that disturb more than one acre in land.	On-going through 2017-2018 permit year.
BMP No. F.1- Employee Training Program							
Milestone for Reporting Year: The Co-Permittee held an Operations Training class.							
	X		Training focused on a review of the Best Management Practices, Good Housekeeping, and the Storm Water Management Plan. The City of Fairview Heights attended operations training.		X	The Co-Permittee Group will continue holding an Operations Training class as part of education requirements.	On-going through 2016-2017 permit year.
BMP No. F.6- Other Municipal Operations Controls- Standard Operating Procedures							
Milestone for Reporting Year: Communities reviewed operating procedures and BMPs and modified if necessary.							
	X		Stormwater operation procedures for the street department were reviewed and modified as necessary in July 2016.		X	Operation procedures are reviewed annually. Co-Permittee meetings will include reference to review and update requirements.	On-going through 2017-2018 permit year.

COMMUNITY NAME: City of Fairview Heights

PERMIT #: ILR400190

IEPA Annual Report for Stormwater Discharges from MS4 Communities- Period: March 2016 through February 2017

ADDITIONAL INFORMATION

<u>BMP A.5</u>	<u>Classroom Educational Materials</u> The County has taken steps to educate school children on the severity of stormwater pollution. The St. Clair County Health Department issues a newsletter each month and it is posted on the St. Clair County Health Department's website. The newsletter consists of articles for students with a wide range of pollution topics, including stormwater. The newsletter also lists upcoming recycling events and schools that have won past recycling contests.
<u>BMP B.6</u>	<u>Community Events - Recycling Programs</u> Throughout the year, St. Clair County sponsored community events that potentially could positively impact stormwater quality. These activities include telephone book recycling and an ongoing "Clean Sweep" program that collected 1,232 tons of waste. Telephone book recycling was sponsored by Illinois American Water and collected 10.61 tons. The county website also has a brochure listing recycling sites for over 29 different materials. Fairview Heights provides Christmas tree recycling for its community members.
<u>BMP B.7</u>	<u>Other Public Involvement</u> St. Clair County held a public meeting to provide for public input regarding the adequacy of the MS4 program in January 2017. No feedback regarding the MS4 program was received; however, environmental justice areas were identified and mapped. The public is encouraged to assist in monitoring the community's storm water system by reporting illegal dumping and discharge or storm water issues either directly to the City or through the County. The St. Clair County storm water hotline number is posted on its website and is provided in educational brochures.
<u>BMP C.5</u>	<u>Illicit Source Removal Procedures</u> The St. Clair County Highway Department sponsors an Adopt-a-Highway Program throughout the County. Seventy seven miles of roads in the County were adopted and cleaned at least four times a year. By sponsoring this program, St. Clair County is eliminating a significant source of stormwater pollution by keeping trash out of streams and keeping road ditches clear of debris for storm events.

ADDITIONAL COMMUNITY ACTIVITIES

(Make additional copies of form, as necessary)

Community Name: **City of Fairview Heights**

Permit #: **ILR400190**

List any additional community-sponsored activities performed between March 2016 and February 2017 not listed in *Notice of Intent (NOI)* submittal, but which addresses one of the six minimum control measures:

One 40-cubic yard dumpster was used by the City for trash retrieved from road ditches and waterways. The dumpsters were emptied 14 times during the reporting year.

One-hundred three (103) catch basins were cleaned since March 2016.

Street sweeping was performed for 920 hours covering 4000 miles (swept multiple times) and collected approximately 80,000 pounds of debris.

A total of 7 miles were graded along Pleasant Ridge Road, Baldus Drive, Wedgewood Lane, Old Bunkum, Cedar Drive, Lynnwood Drive, and Cliff Drive. The BMPs used included straw mats, riprap, and hydroseeding. Twelve miles of ditches were cleaned removing 3 bags of trash and one truckload of limbs.

Christmas tree recycling was available to the residents.

Fairview Heights cleaned 0.8 miles of Ogles Creek over five days gathering 2 bags of trash and one truckload of limbs.

Circle which minimum control measure addressed:

|---|--|
| 1. Public Education and Outreach | 4. Construction Site Runoff Control |
| ② Public Participation/Involvement | 5. Post-Construction Runoff Control |
| ③ Illicit Discharge Detection & Elimination | ⑥ Pollution Prevention/Good Housekeeping |

C. Information Collected and Analyzed during 2016-2017 Reporting Year

The NPDES permit effective March 1, 2016, requires MS4 permittees serving populations under 25,000 persons to conduct visual observations of storm water discharge. The City of Fairview Heights began storm water sampling during the first quarter of 2017. The City is using a Standard Visual Monitoring Form to document discharge color, clarity, oil sheen, odor, floating solids, suspended solids, vegetation conditions, settled solids, foam, and damage to the outfall structure. The standard form is used to ensure systematic collection, reduce error, and provide continuity between observations. Visual observation training was provided through the MS4 Co-Permittee Group.

Fairview Heights will initially take samples at one location. Samples will be taken quarterly at each location within 48 hours of a ¼ inch or greater rainfall event in a 24-hour period. If a sample cannot be taken during the quarter, an explanation will be provided. The storm water monitoring program will help evaluate the effectiveness of BMPs implemented to reduce pollutant loadings and water quality impacts. When trends in the data are identified, BMPs can be adjusted accordingly.

The Quarterly Visual Monitoring form and information collected are attached. The sampling outfall location for the upcoming reporting year will be:

- Ogles Creek near Richmond Drive

E. Reliance on Government Entities for Permit Obligations

Co-Permittee cooperation with County

F. List of Construction Projects during 2016-2017 Reporting Year

The City had the following public construction projects during the reporting year:

ILR10 – W826

- Reconstruction of Perrin Road (09/06/2016 - 011/23/2016)
- Disturbed 1.9 acres

ILR10 – W129

- Reconstruction of Kassing Avenue (09/06/2016 – 10/28/2016)
- Disturbed 1.29 acres

Quarterly Visual Monitoring Form

Fill out a separate form for each sample collected (one form per outfall)

Facility	Ogles Creek		Permit ILR40 -	
Sampler's Name (please print)	Chris Volkman		Qualifying Rain Event	☐ Yes ☒ No
Outfall ID. (refer to site map)		Outfall Description (ex: ditch, grassed swale, concrete pipe)	Rip rap lined channel	
Quarter/ Year	1/17	Date/Time Collected	3/28/17 / 11:00 am	Date/Time Examined
Est. Time of Rainfall Start		Rainfall Amount		Runoff Source
				☐ Snowmelt ☐ Rainfall
Parameter	Parameter Description		Parameter Characteristics	
Color	Does the stormwater appear to have any color? ☐ Yes ☒ No (Clear)		☐ Yellow ☐ Brown ☐ Red ☐ Gray ☐ Other _____	
Clarity	Is the stormwater clear? ☒ Yes ☐ No		☐ Opaque ☐ Milky/Cloudy ☐ Suspended Solids ☐ Other _____	
Oil Sheen	Can you see a rainbow effect or sheen on the water surface? ☐ Yes ☒ No		☐ Floating Oil Globules ☐ Rainbow Sheen ☐ Other _____	
Odor	Does the sample have an odor? ☐ Yes ☒ No		☐ Chemical ☐ Musty ☐ Rotten Eggs ☐ Sewage ☐ Other _____	
Floating Solids	Is there anything on the surface of the sample? ☐ Yes ☒ No		☐ Suds ☐ Garbage ☐ Sewage ☐ Oily Film ☐ Other _____	
Suspended Solids	Is there anything suspended in the sample? ☐ Yes ☒ No		Description:	
Damage to Outfall Structure	Is there any damage to the outfall structure? ☐ Yes ☒ No		☐ Concrete Cracking ☐ Corrosion ☐ Peeling Paint ☐ Other _____	
Vegetation Conditions	Describe plant growth around the stormwater discharge location using the check boxes.		☐ Inhibited Growth ☒ Normal ☐ Excessive ☐ Other _____	
WAIT 30 MINUTES				
Settled Solids	Is there something settled on the bottom of the sample? ☐ Yes ☒ No		Description (note type, size, & material):	
Foam	Is there foam or material forming on the top of the sample surface? ☐ Yes ☐ No		Description (shake bottle gently, is there foam?)	
Detail any concerns, corrective actions taken, and any other indicators of pollution present in the sample.
