***A critical element of professional policing is ensuring the response to resistance we use is appropriate, legal, within policy, reviewed for improvement and enhanced training and supervised. Below is an abbreviated summary of the instances of our response to resistance to arrest:**

Officers stopped a Domestic Battery suspect and observed a handgun on the floorboard of the suspect vehicle. An officer drew his service pistol and ordered the male out of his vehicle. The male complied and was taken into custody without incident.

Officers located a suspect vehicle that had just been reported by a neighboring agency, having an occupant point a handgun at a passing motorist. Officers kept their handguns at a low-ready while conducting a high-risk vehicle stop. No weapon was ultimately recovered.

Officers responded to a Domestic Battery involving a highly intoxicated adult male. The male aggressively approached the first Officer on scene. The Officer extended his hand to keep the suspect back, and the suspect struck the Officer's hand. Officers engaged with the male and utilized a leg trip to take the suspect down, controlling his decent and then established a pinning position on the suspect, restricting the suspect's ability to resist. Utilizing a joint lock the officers were able to secure the male in handcuffs without causing injury to the suspect.

Below are warrants issued by the St. Clair County State's Attorney's Office for cases worked by the police department and their detention status this month.

Re: Director's Report

Resolution for Improvement Under the Illinois Highway Code – Old Collinsville Turn Lane at Ashland
(Agenda Item 1)

This Supplemental Resolution identifies our intent to use MFT funds of \$100,000.00 for our construction cost match for the Old Collinsville Road turn lane at Ashland Ave. The original Resolution was for \$150,000.00, however, there is a need for additional MFT funds as the construction cost estimate has increased.

With the Resolution approved, Motor Fuel Tax will fund The City's portion of engineering, right-of-way acquisition and construction costs which will be reimbursed to St. Clair County who is acting as lead agency for this project.

Resolution for Improvement Under the Illinois Highway Code – Ashland Ave. Phase 1
(Agenda Item 2)

This Resolution identifies our intent to use MFT for engineering costs that are to be reimbursed to St. Clair County for the design work associated with Ashland Avenue Phase 1. The City's portion of the preliminary engineering is approximately \$50,000.00 and appears in the Capital Improvements section of the current budget.

Vehicle Purchase – One ½-ton Truck – Morrow Brothers Ford, Inc.
(Agenda Item 3)

The Public Works Department, Vehicle Maintenance Division is interested in, and has budgeted for, the purchase of a new 1/2-ton truck with four doors. Fifty thousand dollars has been budgeted for this truck which will replace an older single cab truck which will continue to be used by the Street Crew. Morrow Brothers Ford, Inc., the State Bid dealer will be providing a quote for the vehicle.

Director's Report/Project Updates
(Agenda Item 4)

➤ ***Lincoln Highway Improvements***

This project is now complete as the raised reflective pavement markers were installed last week.

➤ ***Lincoln Trail Sidewalk Improvements***

The design work associated with the current phase of the proposed sidewalks, Union Hill to Bunkum, is on hold due to a policy issue with IDOT District 8. The Department is trying to work through this issue with the assistance of our consultant, Homer and Shifrin.

➤ ***Pearson Drive***

Currently, the contractor is in the process of executing the contract and contract bond for the project. As soon as the Department receives those items, a preconstruction meeting will be held with construction starting soon afterward.

➤ ***Elm, Oak, Cedar and Kadlec Drive***
